**TAHRA Meetup Group**  
**The Role of HRIS in Uncertain Times**  
**Tuesday, October 20 |12:00pm - 1:00pm|**

The COVID-19 Pandemic has created disruption throughout our industries and has placed additional burden on those in HR to support our organizations in uncertain times. In HRIS we have been tasked with new reporting requirements, new systems and processes, on top of our already massive list

of responsibilities.

This will be a time to discuss best practices, ask questions, and commiserate with your fellow HRIS professionals. For those of you that aren't part of an HRIS function, feel free to come and learn and offer any insight you may have.
